

Welcome to our newsletter

KINNING PARK CARE HOME

Christmas at KPCH

We had a fantastic time throughout December with entertainers, nursery visits and of course Santa came to visit.

Nursery visits

Our link with Festival Park Nursery continues with new children coming to see us as well as us going for a visit to see them at the nursery.

Halloween party

October saw us celebrate Halloween in style with a party, costumes and party games.

MUSEUM VISIT

We had a visit from the staff at the Glasgow Museum Resource Centre who came along to give us a talk about old toys.

Bonfire night

On November 5th, we had a small firework display in the garden and it was spectacular.

We had rockets, bangers, sparklers and Roman Fountains which were all very noisy!

Nursery links

We are really enjoying our link with Festival Park Nursery and we always look forward to the visits from the children and staff.

Christmas Story time at the nursery

In December, we had the pleasure of going along to the nursery where the children and staff made us feel very welcome with some home baking and Christmas stories read to us by the nursery teachers.

Entertainment at KPCH

We have several regular singers and entertainers that come to see us at Kinning Park and we always have a great time singing along and having a dance

Keeping fit

Our ladies and gents enjoy keeping fit with our Sit and Stay Active class, with very gentle exercises designed to get us moving a little bit but also to get us engaged with each other and having a bit of fun - but sometimes we just have a nap and enjoy the music!

Home baking

Our chefs here at KPCH are always making cakes, biscuits etc but the ladies and gents always enjoy making some tasty homemade treats ranging from pizza toast to fruit kebabs and pastry twists.

Christmas at KPCH

We always have a busy December with our Christmas party and Christmas Day but we also had a pantomime this year that was a great success

Upcoming events and activities

With January almost over, we have already had visits from two entertainers with Sheila K as well as Short n Sweet coming along to the home to sing for the ladies and gents.

As the year moves forward, we have the following events in the diary already:

The petting zoo returns with the usual animals like rabbits and hamsters but also some exotic one like snakes, lizards and even a tarantula!

Elvis is back in the building in March with impersonator Scott Heywood coming back for another show after the success of last one.

The Glasgow Museum Resource team are coming back in March too for another talk with some of the items from the vaults of the museums.

In April, the Shetland ponies from Therapy Ponies, Scotland will be coming back for another visit and this was one of the highlights from last year.

May sees a return of the Tartan Tenor who has been a regular at KPCH for the last few years with every show being a great success.

Please let us know if you have ideas for future events!
